HOOF AND'S GERMAN BITTERS

AND

Hoofland's German Tonic.

THE GREAT REMEDIES
FOR ALL DISEASES OF
THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED AND DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSITION, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, FEVER AND DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGINING OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from the diseases named should exercise the greatest caution in the selection of a remedy for his cure, feeling assured that only that which he is assured from his investigations and inquiries possesses the merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of those diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON,*
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited sufferers to a greater extent, than any other remedies known to the public.

They have proved themselves the best Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, Induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the step elastic, the eye brilliant, the cheek plump, a bloom is given to the cheeks, and the whole physical invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instil new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health, or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK & DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,

GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

Philadelphia, April 28, 1868.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for lower complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,

J. H. KENNARD,
Eighth, below Green st.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours truly

E. D. FENDALL.

MEETINGS NEXT WEEK.

A series of Democratic Meetings will be found announced in this issue. It is hoped that all favorable to the maintenance of the Union and the Constitution, of Economy and Reform, will turn out.

WATCH THE POST OFFICES.

We have received information from a variety of sources, that Democratic handbills and documents sent by mail have failed to reach their destination, and there are suspicions that some of the Radical Postmasters have grossly neglected or violated their duty. As a general thing we have little cause for complaint from this county; but there are three or four unscrupulous persons among the lot who cannot be watched too closely. It may be well for all such to know that whenever papers or documents properly addressed are withheld or misapplied, the act constitutes a grave misdemeanor, and we have instance from Washington that every instance of the kind reported to the Department will be followed by a prompt removal of the official.

In regard to Vermont, the Radical majority in Vermont was in 1867, in 1863, the Radical majority was only 25,366, and the Democratic majority in the Legislature of the present year is 1,500. Notwithstanding the "Republican victory," so much vaunted of by the Radical press—

INDIVIDUAL EFFORT.

We feel that we cannot impress too strongly upon the mind of every Democrat the importance of individual effort. Every man should do his part, and every one must do it. Every man should do his full share—and every one should wait to have a work assigned to him. Still less should any one regard the conduct of the contest as the peculiar business of committees or organized clubs. Such institutions are well enough in their place, and they seem to combine the elements of the party. But, before and above them, other means for securing success is to be ranked the active and zealous efforts of individual Democrats. Every Democrat who reads this article should devote all the time he can spare to the canvass from now until the October election, the result would be plainly apparent when the vote was announced. There is work for every man to do, and no one is so unimportant as not to be needed. Every man has his influence, and diligent, well directed effort will be certain to produce good results.

Each man, well remarks the Lancaster *Intelligencer*, has a direct personal and pecuniary interest in the result of this election. The success of the Democratic party will surely do away with the extravagance, the fraud and the corruption which have spread like a blighting mildew over the State and Nation since the Radicals have had control. Taxes will be equalized and lessened. The burthens upon labor will be lightened. Economy and reform will be the order of the day. The Union will be speedily and completely restored. Peace and good feeling will take the place of agitation and distrust in the South. The industry of that rich section will find full employment. The greatest and best market we ever had for our Northern products will be re-opened. Trade of all kinds will flourish. Wages will be higher. Prices of all that the working man consumes will be lower. The negroes of the South will raise sugar, rice and cotton, instead of parading at political meetings with arms in their hands. The army which is employed at a cost of $150,000,000 a year to prop up negro governments will be disbanded, or sent to the frontier to fight Indians. The Freedmen's Bureau will be abolished. The navy will be reduced at once to a peace standard. The money the Radicals are spending so lavishly, to keep the men of our own race in subjection to the barbarian black, will all be devoted to the payment of the national debt, and that weighty incubus will be lifted from the shoulders of the toiling masses.

Here, surely, are incentives which ought to induce every man to work with an energy and a zeal such as he never felt before. Go to work, then, fellow Democrats! Remember that each man must do his work in this campaign as an efficient and active volunteer soldier. Fight on your own hook, when you are not fighting in line. See to your neighbors. Bring every effort to bear which can influence a single vote. Work diligently and earnestly to influence votes until the morning of the 13th day of October. Then give one whole day to your country, and see that every vote is polled.

If the Democracy but do their whole duty, we shall carry Pennsylvania in October by such a majority as will bury the corrupt and rotten carcass of Radicalism so deep that it will never know a political resurrection.

AUDITOR GENERAL.

If the people want an honest Auditor General, says the *Genius of Liberty*, they must elect Charles E. Boyle, the Democratic candidate. Hartranft, the Radical candidate, has been very negligent of his duty, if not positively dishonest. Placed where he is to guard the Treasury, he has failed to do so. He has not only permitted Goths and Vandals to invade it and carry off spoils, but he actually gave them a pass to protect them. He authorized the payment to Ilyus of $712, not one cent of which has been earned, and he "ordered," as the Harrisburg *State Guard* has it, the payment of nearly $10,000 to Legislative Committees for services, although the law emphatically says such *services* shall not be paid for. What other similar wrongs Hartranft has perpetrated we have yet no knowledge of; but are not those we have specified enough to satisfy the people that he is an unsafe officer, and that the Treasury would be safer in other and honester hands? Elect Boyle and all such plundering inroads on the people's money-chests will be stopped.

FOR whom will Gen. Geo. B. McClellan vote? For Horatio Seymour. For whom will Gen. Winfield Scott Hancock vote? For Horatio Seymour. For whom will Gen. W. S. Rosecrans vote? For Horatio Seymour. For whom will Gen. Henry W. Slocum vote? For Horatio Seymour. For whom will Gen. W. B. Franklin vote? For Horatio Seymour. For whom will Gen. Duryea, of the Zouaves, vote? For Horatio Seymour. For whom will Gen. W. S Hillyer, formerly chief of Grant's staff, vote? For Horatio Seymour For whom will General Thos. Ewing vote? For Horatio Seymour. For whom will Gen. D. C. Buell vote? For Horatio Seymour. For whom will Admiral Farragut vote? For Horatio Seymour? These are "white boys in blue."—What soldier is not proud to vote the same ticket which these gallant men vote?

IN December, 1865, Mr. Stanton, then Secretary of War, gave as the cost of the War Department on a peace basis the sum of thirty-three millions of dollars. From official records it is shown that the War Department in the three years since the close of the war has cost six hundred and ten millions of dollars, or more than six times that named at the close of the contest. Why is this? Because the Radicals are running peace on a war footing. They are keeping a large standing army, feeding thousands of idle negroes, and thus increasing expenses at a fearful rate. If continued in power, no man can measure the cost of this government. That of England and France will bear no comparison with it.

BE ASSESSED IN TIME.

Although the Radical registration law has been declared unconstitutional by the Supreme Court, yet the old law requires the voters to be assessed TEN DAYS before the election. Democrats every where should not rest until every Seymour and Blair voter in their district is assessed, *and that, too, in time.*

GRANT MAN—I tell you, sir, Republicanism is looking up. SEYMOUR MAN—Yes, Radicalism is so flat on its back that it can't look any other way.

THE OCTOBER ELECTIONS.

The New York *Herald*, which is supporting Grant and Colfax, concludes that "the coming October elections in Pennsylvania, Ohio, Indiana and Iowa will virtually determine the result of the Presidential election. The hope of the Democratic party is in a movement of the people of the Western and Middle States for a change in the policy of the government extensive enough to sweep away all past Republican majorities, and turn those great States over to the support of Seymour. In view of such a contingency, the *Herald* calls attention to the results in 1862, when a similar reaction to that now predicted set in against the Republican party, on account of their mismanagement of the war and alleged official extravagance and corruption.

"We find, then," says the *Herald*, "that Vermont, which led off in the election of 1862, gave twenty-six thousand Republican majority, being an increase over its majority for Lincoln in 1860. Maine followed with thirteen or fourteen thousand Republican majority. But when the October elections came, Pennsylvania, which had given Lincoln sixty thousand majority two years before, turned over to the Democracy by nearly four thousand majority; Ohio changed its twenty thousand for Lincoln into six thousand for the Democratic ticket, and Indiana, which had given Lincoln twenty-four thousand over Douglas, elected Democratic officers by ten thousand majority. This was the beginning of the revolution, and it was followed by similar results in other great States, so that, had a President been elected in 1862, the Democrats would have been successful by the following electoral vote, based on the election of that year:—

"*Democratic.*—New York 33, Pennsylvania 26, Ohio 21, Illinois 16, Indiana 13, Kentucky 11, New Jersey 7, Maryland 7—total 134.

"*Republican.*—Massachusetts 12, Missouri 11, Iowa 8, Michigan 8, Wisconsin 8, Maine 7, Connecticut 6, New Hampshire 5, California 5, Vermont 5, Rhode Island 4, Minnesota 4, Delaware 3, Oregon 3, Kansas 3—total 92.

"In that election Missouri was carried by the emancipationists, and Delaware, although electing a Republican Governor, gave a Congressional majority for the Democrats. It will be seen that neither Vermont nor Maine afforded any indication of the great change about to take place in the political sentiment of the country, but that the revolution commenced with the October elections. It will be the same this year. Vermont amounts to nothing. Maine is important only in so far as the Democrats have made a hot contest there and feel encouraged over their gains. But on the 13th of October, when the voices of the men of iron, the Hoosiers and the Buckeyes make themselves heard, we shall know whether the Radicals are to be kept in power," or the Democracy resume control of the Government.

DEMOCRATIC GAINS!

IN 1866 the aggregate *Radical majorities* in Maine, Connecticut, Oregon, Kentucky, Vermont, Rhode Island and New Hampshire amounted to 23,477. In 1867 the *Democratic majorities* in *the same States* aggregated 18,105—and in 1868 the Democratic majorities have increased to 37,557! Does this look like electing Grant?

"ALWAYS TAKE THE SIDE AGAINST THE DEVIL!"

Yes! John Cessna was right when he said that, the other night, at the Radical meeting He said the late rebels were on the Democratic side, and, therefore, Union men should take the other side. But it so happens that the late rebels are divided. The decent and intelligent ones among them are on the Democratic side, men like Gen. Lee, A. H. Stephens, R. M. T. Hunter, Wade Hampton, &c. But such cruel monsters as ex-Gov. Joe Brown, of Georgia, who founded the Andersonville prison, C. C. Bowen, a rebel major from South Carolina, who murdered his Colonel, R. R. Butler, a beast from Tennessee, Gov. Holden, of North Carolina, who offered a reward for the head of Abraham Lincoln, Gen. Longstreet and rebels like these, are now in the Radical party, and support Grant. If you want "to take the side against the devil," North and South, take the side that is against the Radical rebel. —*Bedford Gazette.*

IT must not be forgotten that Meyers *lied* when he said Tom Marshall asserted at Bedford that he was in favor of negroes voting in Pennsylvania, and that he would come in the district, and help elect John Cessna upon that issue.—*Fulton Republican.*

We have no disposition to flatter the editor of that contemptible sheet by calling *him* a *liar*. 'Twould be gross flattery. Tom. Marshall *did* say so and won't deny it, if the editor of the *Republican* will take the trouble of asking him. Besides we can procure the sworn testimony of a score of witnesses, Democrats and Republicans, who heard Marshall say so. Is the mendacious editor satified? "Let us have peace!"—*Bedford Gazette.*

THE tea for which we pay $1 50 a pound, costs eighteen cents in China. The molasses for which we pay eighty cents a gallon, costs ten cents in Cuba. What is the cause of this monstrous advance in price? Radical recklessness, corruption, and taxation. They have increased the expenditures of the government more than four fold. They keep a large army in the South to force negro equality upon white men, and they feed, clothe, and house thousands of idle negroes, at a cost of from ten to fifteen millions of dollars per year. To do this, money is needed in immense amounts, and this must be raised by taxation upon all articles used by the people. Reduce the expenses of the government, and taxation and the cost of all things will fall accordingly.—*Age.*

"HAVE you heard the news from Maine?"—Radical paper.

Yes—heard she *went back* on Radicalism to the tune of NINE THOUSAND!

By the way: Have *you* heard from Connecticut, Oregon, Montana, Idaho, or Kentucky? We take it that such news is slow to get through your wool.

THE Radical Journals claim that the Tanner clubs in Iowa contain two hundred thousand voters, and that there are also a large number of Grant and Colfax clubs, composed of those who do not belong to the Tanners. As the entire vote of Iowa is less than 150,000, we are at a loss to know where the balance of Tanners come from.

PARSON BALLOCK, who was driven from his parish for Massachusetts *ne plus ultra* of infamous conduct, holds the Grant electoral ticket in Kansas.

The People Awake!

THE DEMOCRATIC WATCH FIRES BURNING BRIGHTLY!

Marsh Creek Meeting.—The Seymour and Blair Club of Cumberland and Highland townships met in goodly numbers at Francis Bream's, on Marsh creek, on Monday evening last. Wm. McClean, Esq., and H. J. Stahle addressed the meeting, and were listened to with close attention. The Club starts well, and will no doubt be efficient in the good cause. It will hold another meeting at the same place on Monday evening next, when it is hoped as many as possibly can will attend. The officers of the club are:

President, Isaac Hereter.

Vice Presidents, Reuben Golden, George W. Trostle.

Secretaries, H. L. Bream, John Dubs.

Meeting in Mountpleasant.—The Democracy of old Mountpleasant and surrounding townships rallied in force to the meeting at Conrad Wagner's, on Saturday evening. The turn out was large beyond expectation, and the most enthusiastic spirit prevailed. Jacob Klunk, Esq., called the meeting to order, and after some excellent remarks, proposed the following list of officers, which was unanimously adopted:

President, Adam Smith.

Vice Presidents, David Sneeringer, Samuel J. Shorb, Henry Biddlemoser, Henry J. Hemler, Joseph Kuhn, Edward Weaver, Henry Bollinger, John Bolen, Lewis Weaver, John Smith, Joseph Dermody, John McMaster, John A. Lawrence, Daniel Forney.

Secretaries, Albert H. Parr, James C. Buttera, Henry A. Weikert, Ignatius McMaster, Jacob Freet, Daniel Kluse.

The speakers on the occasion were Wm. McClean, J. D. Newman and Wm. A. Duncan, Esqs. Their remarks were of course well received, and when the meeting adjourned cheers for Seymour, Blair and the whole ticket filled the air.

Meeting at New Salem.—The meeting at Samuel Eicholtz's, in New Salem, Franklin township, on Saturday evening, was a most gratifying surprise, being the largest we ever saw at that place. The officers were:

President, Samuel Hart.

Vice Presidents, James E. Ross, John Becker, Wm. Raff, H. J. Brinkerhoff, Samuel Bucher, Wm. Eicholtz, Jacob B. Hartman, Isaac Hereter, Daniel Settle, George J. Beck, John Cover, Joseph Rebert, John Eberley

Secretaries, Robert McCleaf, Abraham Hart, H. L. Bream, Benj. F. Wisler, Lafayette Breinzer, Geo. W. Lady, James Riggeal, Henry A. Lott, Daniel Hartman.

E. B. Buehler, Esq., ably discussed the issues of the campaign, and was followed by H. J. Stahle, when the meeting adjourned with cheers, and in fine spirits.

Lower End Club.—The friends of Seymour and Blair in Littlestown, Union and Germany assembled at the public house of C. B. Hanes, (Railroad Hotel,) on Saturday evening, for the purpose of organizing a Club. After signing the roll, the following officers were chosen:

President, Geo. W. Stover.

Vice Presidents, Amos Deever, Wm. F. Dean.

Secretary, G. B. Yantis.

Treasurer, Dr. E. F. Shorb.

The Club will attend the Pole Raising at John Green's to-morrow afternoon, where all desirous of joining will be afforded an opportunity to do so. A strong turn out is urged.

Gettysburg Club Meetings.—The Democratic Club of Gettysburg meets every Monday evening, in the Arbitration Room. W. A. Duncan, Esq., addressed it on Monday evening week, and Wm. McClean, Esq., and H. J. Stahle last Monday evening.

Hunterstown Club.—A Seymour and Blair Club was formed at the house of Jacob L. Gross, in Hunterstown, on Saturday evening. The officers chosen are:

President, Jeremiah Taughinbaugh.

Vice Presidents, George T. Hudson, John Dundore.

Secretaries, Jeremiah Shriver, Emanuel Kemper, Wm. Harman.

Treasurer, Wesley A. Reary.

A Club has also been organized at New Chester, but we have not learned the names of the officers. This is going into the work in earnest, and gives assurance of a good account from old Straban.

New Chester Club.—The New Chester Seymour and Blair Club will meet on Monday evening, Oct. 5th. Speaking may be expected. The Democrats of Straban and surrounding townships are urged to attend.

COLORADO ALL RIGHT!

After all the "crowing" done by the Radicals over Colorado, it turns out that the Democrats have elected the Delegate to Congress from that Territory by 147 majority! This is official. The Democratic wave is still sweeping onward in the West.

NOT SO SOON.

The Radical papers are circulating a report to the effect that the Philadelphia *Daily News*, heretofore a Johnson paper, has gone over to Grant. This is another way the Rads. have of keeping up the spirits of their disconsolate followers. We submit the following from the *News* of Saturday:

If we acknowledge facts too palpable to be disputed, and accept as true all that Radical journals and orators say of the condition of the country, North and South, and of the sentiments of the people, it is not possible to avoid the conclusion that that party is unable to restore tranquility, and consequently prosperity, to the country. If there be any men in their party with brains and courage enough to face the facts and assertions, we would like them to show how they can get the nation out of the trouble in which it is now placed.

And again:

Four years of war under their rule has made us the most heavily-taxed nation of the civilized world, but they propose to make another war.

JUST LIKE THEM.—The Black Republicans are circulating forged speeches, thus making Democratic speakers responsible for words they never used. Look out for them, Democrats, and caution your neighbors against them. Believe no Democratic speech to be genuine unless you see it published in a Democratic newspaper, or receive it from a source you know to be reliable.

A NEGRO who had deserted the Loyal League was called out of the door of his house in Wilmington, North Carolina, a few nights ago, and shot through the heart. "Let us have peace!"

ROSCOE CONKLING is speaking in the Court House last night. Judge Kimmell and C. M. Duncan speak in Hanover next week.

GREAT DEMOCRATIC MEETING AT HARRISBURG.

On Friday night last the largest meeting held by either party up to that time assembled in the Court House at Harrisburg to hear that distinguished orator, Hon. S. S. Cox.

On Saturday a grand demonstration in the shape of a Democratic pic nic came off in Hoffman's woods, near the city. Five or six thousand people assembled on the occasion. Speeches were made by Hon. Hiester Clymer and Ex-Governor Bigler in the forenoon. In the afternoon Hon. Edgar Cowan; Stephen J. Meany, the Irish orator of New York; Gen. Wm. McCandless, and C. P. Rose, of Millerwille, addressed the people, the latter in German. At night another large meeting was held in the Court House, and Ex-Governor Wm. F. Johnson, Gen. Richard Coulter and Dr. Julius Korn, of New York, spoke, Dr. Korn speaking in German.

The Democracy of Dauphin county are fully aroused to the importance of the great work before them.

PENNSYLVANIA.

The Democracy Working Faithfully—Determination to Carry Philadelphia by Five Thousand Majority, and the State by Twenty Thousand.

(Special Dispatch to the World.)

PHILADELPHIA, September 16.—The Democrats of this city and State are in the most excellent working order. It is generally regarded that the Maine election has shown a defection in the Republican lines. From a careful canvass made, it is calculated the Democrats will have a majority in the local ticket of at least five thousand in this city. The State, it is generally understood, will give a majority of fifteen to twenty thousand. The Republicans are very much concerned as to the movements of the Democrats. The Conservative influence at the present time is strongly in favor of Seymour and Blair.

WEST VIRGINIA.

Grand Democratic Meeting in Wheeling—Addresses by General Carey, Hiester Clymer, and Other Prominent Democratic Orators.

(Special Despatch to the World.)

WHEELING, Va., September 17.—The workingmen, including farmers and mechanics, had a demonstration here to-day in honor of the anniversary of the adoption of the Constitution of the United States. It is conceded there were fifteen thousand people present. As meetings are generally estimated there were fully thirty thousand. No such demonstration was ever before witnessed in this section of the country. Even the days of 1840 furnished no example of the kind by either party in the immense procession. Every branch of industry was represented, and many hundred appropriate mottoes gave interest to the affair. There was speaking all the afternoon from three stands. General S. F. Carey, of Cincinnati, spoke to the hard-working mechanics for three hours in almost powerful and effective address. Richard T. Merrick, of Michigan, and Henry S. Walker, candidate of the plough-holders and laborers for Congress in this district, will follow to-night. Senator Thurman, of Ohio, and Hiester Clymer, of Pennsylvania, spoke from another stand, and will be followed to-night by Colonel D. D. Johnson and Judge Moore. John B. Jeup, editor of the Cincinnati *Volksfreunde*, and Hon. Wm. Lang, of Ohio, addressed the Germans in their own language. The people of West Virginia are thoroughly in earnest, and will throw off the rule of extravagance and corruption this fall.

THE boatmen's demonstration in behalf of Seymour and Blair, at St. Louis, was the most magnificent affair of the kind that ever occurred in that place. It was formed on the levee and was miles in length. The utmost enthusiasm prevailed along the line of march. Nearly all the steamboat men in St. Louis are working earnestly for the success of the Democratic ticket, as it is natural they should do.

A DEMOCRAT SHOT BY A RADICAL.

GREENCASTLE, Pa., Sept. 20.—Last night the Democrats held a meeting at Greencastle, and the Republicans at Waynesboro', in Franklin county. On returning from the meeting at Waynesboro', the Radicals met from ten to twelve Democrats returning on horseback from the Greencastle meeting. As the Democrats passed along the line of wagons filled with Radicals, a difficulty occurred, and George Benner, a Radical, in one of the carriages, fired a pistol, instantly killing a Democrat named Leckrone, residing near Waynesboro', in this State. Benner is in jail.

RADICAL "PEACE."—The Grant party fear peace south of the Potomac. That would be a death-blow to the prospects of their candidate. He can only reach the White House over the dead bodies of white men butchered by negroes, and hence his friends spur on their brutal and ignorant allies to deeds of outrage and blood. The latest event of this character occurred at Camilla, Georgia, on the 19th inst. At that time, about three hundred negroes, led by a white man named Pierce, a Radical candidate for Congress, and an ex-agent of the Freedmen's Bureau, called Murphy, attacked that place and wounded several of its citizens. They were finally beaten off by the white citizens, and retreated with the loss of several of their number. The avowed intention of this gang of outlaws and murderers was to overawe the white citizens so that they would not take part in politics, and kill the leading Democrats of the place. This is the plan marked out by the Radicals. What do white men think of it? Are they willing to endorse a party which will lead negroes on to butcher white people, irrespective of sex or age? We believe not.

THE Republicans, during the war, were profuse in promises of what they would do for the "Boys in Blue" when the war should be over. The war is terminated, and the boys *in black* receive all the attention.

A. ALFEDRA BRADLEY, a convicted felon who served a term in the Sing Sing Penitentiary, is stumping the South for Grant and Colfax. He is a colored carpet-bagger, and enjoys the unlimited confidence of the Radicals.

IN the Legislature of Louisiana, consisting of one hundred and seventy-five members, they have two hundred and twelve officers on liberal salaries. This is the economical rule promised by the Radicals.

GENERAL COULTER says the Radicals want to make Grant President by brevet, to enjoy the honors and emoluments, while Washburne would be President in fact, with Colfax as aforesaid.

RADICAL MEETING.

By virtue of the numbers in attendance at the Fair, and a turn out of the people of both parties, not to omit the ladies, who occupied the jury boxes, (and the inevitable negroes in the back-ground, who never fail to attend the meetings of the party of "Great Moral Ideas,") to hear a candidate for Congress, who was previously announced to be an "eloquent champion," the Court-room was easily filled on Wednesday evening for the Republican meeting.

Never did John Cessna appear to as great a disadvantage. He had evidently been put in training by the more prudent of the leaders here and warned not to indulge in his favorite and usual employment of abuse and vituperation. He proved to be like the bull-dog under the wagon. He let his audience know repeatedly that he did not want to say anything harsh or abusive about Democrats, but growl he must occasionally at "copperheads," and rush as far as he could against his hated chain. It is a hard task to make a decent speaker out of Cessna.

The aforesaid chain left him in a pitiable condition. He dished up a rechash of miserable sophistries, utterly destitute of point or force. Broken down in political character as well as voice, the attempt of this wretched demagogue at a speech was a sorry failure. Our intelligent community knows what a speech should be, and what a representative in Congress should be. Rhetoric, oratory, argument, truth and honesty were all wanting in the speaker and his speech.

The immense debt of the country was actually spoken of as "the little debt"—"a few pickings"! The questions, Should the bond-holders be taxed?—Should their principal be paid in lawful money?—were neither answered or argued, by Cessna—or McPherson, who followed him—but were evaded.

Mr. McPherson descended to do a very little thing when on the stand—which was to hurl the false accusation against Dr. Dill, the Democratic candidate for the Legislature, of having spoken of his opponent, Charles G. Miller, as a "poor blacksmith."

The occasion of this slander was an answer of the Doctor's, in conversation at home, to an inquiry made of him, who his opponent was. He simply stated, as a matter of description, that Miller was the man who had worked at the blacksmith business in a shop in Petersburg—never intending to speak disparagingly of Miller on that account, but only as giving the information as to his identity. The people at large know as little about him as the inquirer in this case, or less, and it was unmanly in McPherson to pervert the truth as he did about this little matter. He further used it as the basis of an equally absurd charge that the aims and tendencies of the Democratic party are towards an *aristocracy*. This did not come appropriately from a clon of the "McPhersons," the master of the servant who drives his coach and horses, and the individual who carries that long, full purse given to the Clerk of the House of Representatives. It is the old stale *cry of "stop thief!" and is understood.*

A few more such speeches by Cessna and McPherson in this district, and the Democratic party will owe them a lasting debt of gratitude. Every day's indications show a weakening of Cessna's chances.

MORE HELP.

Col. P. D. Thomas, of Tionesta, Pa., a lifelong Republican, has come out boldly for Seymour and Blair.

Lieut. D. W. Clark, of Tionesta, Pa., late Quarter-master of the 83d Pennsylvania Volunteers, and since the war an active member of the Republican party, has divested himself of "the last drop of Radical blood," and wheeled into line with those who are marching for free government, equal taxation and constitutional liberty.

Col. J. F. Gaul, of Tionesta, Pa., who commanded one of the Pennsylvania Reserve Regiment during the rebellion, has renounced Radicalism and come out in support of Democratic men and measures. He says he fought for a restoration not a division of the Union.

R. H. Roach, Esq., who has always heretofore acted with the Republicans, presided at a Democratic meeting at Sharpsburg, Allegheny county, on the 12th inst.

Solomon Spengler, Esq., of Columbus, Ohio, heretofore a strong supporter of the Republican party, has declared himself for Seymour and Blair.

Reuben Copeland, one of the three men in Smith county, Mississippi, who voted for the carpet-baggers' constitution, has renounced Radicalism, and will vote for Seymour and Blair.

William Styles, late President of a Union League in Georgia, publishes a card of withdrawal, in which he says the league is "dangerous to the peace and good order of any town or neighborhood," and announcing that he shall support Seymour and Blair.

James T. Horrell, son of the late Judge Horrell, of Napa, has just returned to Napa City, Cal., from the East, politically changed in heart. He was a soldier in the war, under Grant, and went into it an intense Radical. His experience in the army, and observations of Radicals in high places, has wrought the change.

Hon. H. G. Webb, a Republican State Senator of Wisconsin, has published his reasons why he cannot longer support Radical rule.

The San Louis Obispa (California) *Pioneer*, of the 18th ultimo, unfurls the Democratic banner, by placing the names of Seymour and Blair at the head of its columns. Heretofore the *Pioneer* has been neutral in politics.

At meetings in Indiana, Missouri, Illinois, Iowa, and in fact everywhere men who have acted for eight years against the Democracy, are now declaring out and out for a return of the Democratic servants to the helm.

TERRIBLY SCARED.—The Radical journals are evidently beginning to see the "handwriting on the wall." The *Ohio State Journal*, a violent Radical sheet, frantically exclaims: "For heaven's sake, friends, work! Work from this day until election, or we are beaten in Ohio, in Indiana, in Pennsylvania, in New York, and in the whole country."

IN Tennessee, the Brownlow faction make white men pay a State tax of six dollars on the one hundred dollars, and then deny them the right to vote, while they give the franchise to negroes who are supported at government expense. Elect Grant, and the Radical thieves will force similar burdens upon the people of all the States.

THE Radicals have not gained in a single State this year.

TOWN, COUNTY AND SURROUNDING COUNTIES

THE FAIR.

Creditable Exhibition and Large Attendance.

Notwithstanding the exceedingly unfavorable weather, we have the pleasure to state that the Sixth Annual Exhibition of the Adams County Agricultural Society, held last week, proved creditable in all its departments. The attendance, too, was large beyond expectation, the rain and mud considered. Our special reporter furnishes the following:

The Household Department presented a very attractive appearance, surpassing anything of the kind in the history of the Society. To mention all would be an endless task. We have only space for the more prominent articles.

Suspended from the ceiling on cords were Counterpanes, Patch, Silk, Worsted and Knit Quilts, Blankets Robes, &c., of every conceivable variety; many of them attracting everybody's attention.

The display of Home-made Linens was large and of fine quality.

Of Home-made Carpets the entries were numerous and the appearance and quality good—some very handsome.

In Embroideries, Worsted Work and Fancy Needle Work, the large quantity and superior workmanship of the articles were very commendable, and reflected great credit upon their fair exhibitors. Such a varied and beautiful collection is seldom seen.

On the top of the table, running the full length of the Hall, was quite a rare and beautiful display of Wax Flowers, Skeletonized Flowers, Bouquets of Natural and Artificial Flowers, Leather Work, Bead Baskets, both hanging and standing, and many other handsome articles.

The case of specimens of Taxodermy by T. T. Tate and H. G. Geyer, elicited praise from all. The birds and animals looked natural as life, and were arranged in a very tasteful manner, with evergreens and moss.

On the walls we observed a large collection of Oil Paintings, Chromos, Monochromos, Pencil Drawings, &c.; many very beautiful, and all serving to enhance the attractions of the room. Messrs. Tipton & Myers, and Levi Mumper, had on exhibition several frames of Photographs, Stereoscopic Views and Porcelain Pictures, showing great proficiency in the art.

On the shelves, running across the entire room, were arranged Preserves, Jellies, Pickles, Canned Fruit, Honey, &c., as well as Wines, of more than ordinary variety, and they proved that those who prepared them were skilled in the business of making things nice as well as palatable. Although the fruit crop has proven almost an entire failure, yet the number of exhibitors was fair, and the fruit all of superior quality. The entries of Bread and Cakes were very choice and looked tempting. A more handsome display of Butter could hardly be made anywhere.

Quite a profusion of Natural Flowers graced all parts of the room, imparting their delicious fragrance, whilst charming music, from the feathered songsters, whose cages were suspended on the walls, was heard on every hand.

Prof. Gundrum had on exhibition a Piano and a Cabinet Organ, both of which were well tested, and served as a source of gratification to those who heard them.

Geo Jacobs & Bro., D. W. Robinson and Lewis Strayer exhibited Sewing Machines of several of the leading manufacturers.

We noticed several cases of Fancy Articles, containing many parlor ornaments and beauties of art, that added much to the appearance of the room. The Marble Work showed a master hand, especially the image of a sleeping child, which held a prominent position in the Hall, and was much admired. A pair of large Marble Vases also elicited much praise. Exhibited by Marshal Cannon.

On one of the tables we noticed a number of handsome chairs, among them a walnut arm-chair of very ancient date, said to have been made in England about the year 1430; exhibited by John J. Bingley, of Hanover. An earthen crock, 103 years old, was a subject of general remark. It must have served numerous generations.

A pair of Lady's Shell Combs, 40 years old, were on exhibition, looking as though they belonged to the fashions of another age. A magnificent Hair Wreath, formed of hair of numerous shades, was one of the things that well deserved the words of praise it received.

In the Department of Farm Implements and Products there was a great variety. The most improved machinery was exhibited, and drew the attention of all interested in that department. In the large collection were Reapers and Mowers, Clover Hullers, Threshing Machines, Winnowing Mills, Straw Cutters, Grain Drills, Horse Rakes, Corn Planters, Plows, Harrows, Hay Forks and Elevators, Corn Shellers, Carriages, Buggies, Wagons, Churns, Grain Cradles, Washing Machines, Wringers, &c.; also Patent Rat Trap, Bee Hive, Rock Drill, Hoisting Jack, Farm Gate, Water Wheel, Beer Broiler, indeed everything in this line.

Among the Farm Products were Wheat, Oats, Corn, Rye, Barley, Buckwheat, Timothy and Clover Seeds, Potatoes, of every kind, Turnips, Beets, Parsnips, Pumpkins, several huge ones, Onions, Tomatoes, Cabbage, Beans, Squashes, Peppers, Celery, Cucumbers, Water Melons, Okra, Sorghum, Rye Straw Braid, Dried Flowers, &c. The entries of Flour were considerable and of first-rate brands.

The exhibition of Horses was full, and contained much that was very creditable to the county.

The display of Heavy Draft Horses was also good.

In the stalls allotted to Mares and Colts we noticed many very fine animals, showing a fondness for good stock is increasing among our farmers. Horsemen were highly pleased with the exhibition.

Quite a number of Quick Draft Horses were on the ground, from Baltimore, Frederick county, Woodsboro', Harrisburg, Mechanicsburg, and other points, as well as those belonging in this county. As often as the weather and track permitted they were out for practice, and the crowd was highly gratified.

Adjoining the horse stalls there were a number of pens of Hogs, that were admired by all who passed that way.

Next to these came the Sheep, of which the display was fine. Among them were South Downs, Cotswolds and Spanish Lambs.

The Horned Cattle department exceeded expectation. The amount of stock in the stalls was good and of the best breeds, much of it attracting universal attention. Among them were Devons, Alderneys, Durhams and Ayrshires. There were also first-rate Native and Grade Cattle.

In the upper end of the grounds there were many coops containing Brahmas, Bramas Pootrahs, Bantams, Leghorns, French and Common Chickens, Ducks, Pigeons, Turkeys and Rabbits.

There was also a very attractive lot of Carriage Dogs on the ground.

All in all, the Exhibition was a success; but with fair weather, it would have gone far beyond all calculation.

— We hoped to give a list of the premiums awarded, in this issue. The rain on Tuesday, however, induced the management to extend the Fair another day, and with it defer the examinations in several of the more important departments. Hence our inability to give the list now.

County Trot.—The first premium for the county trot, $25, was taken by Jacob Reiley's bay horse, yesterday morning, and the second, $15, by Dr. R. Shultz's brown horse, yesterday afternoon.

The big trot, for $100, will come off at 10, A. M., to-day.

Immense Crowd.—It is thought that the crowd at the Fair on Thursday was larger than any day last year.

The Fredericktown Agricultural Fair will be held at Frederick on the 20th, 21st, 22d and 23d of October. Two hundred dollars for the fastest racker or pacer, and five hundred for the fastest trotter—open to the world.

Property Sales.—John Dermody some time ago purchased a tract of land from Jacob Noel, in Mountpleasant township, at $50 per acre, and has since erected a comfortable dwelling thereon.

John L. Burns has sold his property, on Seminary Ridge, to the Katalysine Springs Company, at $2,000.

The farm of Ephraim Heagy, deceased, in Hamilton township, was sold by the Executors, on the 28th ult., to Michael M. Bricker, of York county —

But they arose out of the sea foam or bathed in fountains reached by no mortal hands and kept their locks of *dewy softness dark and lustrous*, and thus had no need of Ring's Vegetable Ambrosia which is doing the same thing for thousands of people in our day. 800 MILES

OF THE

Union Pacific Railroad

Are now finished and in operation. Although this road is built with great rapidity, the work is thoroughly done, and is pronounced by the United States Commissioners to be first-class in every respect, before it is accepted, and before any bonds can be issued upon it.

Rapidity and excellence of construction have been secured by a complete division of labor, and by distributing the twenty thousand men employed along the line for long distances at once. It is now probable that the

Whole Line to the Pacific will be completed in 1869.

The Company have ample means of which the Government grants the right of way, and all necessary timber and other materials found along the line of its operations; also 12,000 acres of land to the mile, taken in alternate sections on each side of its road; also United States Thirty-year Bonds, amounting to from $16,000 to $48,000 per mile, according to the difficulties to be surmounted on the various sections to be built, for which it takes a second mortgage as security. It is expected that not only the interest, but the principal amount may be paid in services rendered by the Company in transporting troops, &c.

THE EARNINGS OF THE UNION PACIFIC RAILROAD, from its Way or Local Business only, during the year ending June 30th, 1868, amounted to over

Four Million Dollars,

which, after paying all expenses, was much more than sufficient to pay the interest upon its Bonds. These earnings are no indication of the vast through traffic that must follow the opening of the line to the Pacific, but they certainly prove that

FIRST MORTGAGE BONDS

upon such a property, costing nearly three times their amount,

Are Entirely Secure.

The Union Pacific Bonds run thirty years, are for $1,000 each, and have coupons attached. They bear annual interest, payable on the first days of January and July, at the Company's office in the City of New York, at the rate of six per cent. in gold. The principal is payable in gold at maturity. The price is 102, and at the present rate of gold, they pay a liberal income on their cost.

A very important consideration in determining the value of these bonds is *the length of time they have to run.*

It is well known that a long bond always commands a much higher price than a short one. It is safe to assume that during the next thirty years, the rate of interest in the United States will decline as it has done in Europe, and we have a right to expect that such six per cent. securities as these will be held at as high a premium as those of this Government, which, in 1837, were bought in at from 20 to 30 per cent. above par. The export demand alone may produce this result, and as the issue of a private corporation, they are beyond the reach of political action.

The Company believe that their Bonds, at the present rate, are the cheapest security in the market, and the right to advance the price at any time is reserved. Subscriptions will be received in Gettysburg by the FIRST NATIONAL BANK and GETTYSBURG NATIONAL BANK, and in New York AT THE COMPANY'S OFFICE, NO. 20 NASSAU ST., AND BY

JOHN J. CISCO & SON, BANKERS, NO. 59 WALL ST.,

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other forms par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for the safe delivery.

A PAMPHLET AND MAP for 1868 just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents.

THE CATTLE PLAGUE.

The Commissioners appointed by the Governor of New York, under an act of the Legislature, passed in 1868, for the prevention of rinderpest and other infectious diseases, have made a report communicating facts respecting the Texas cattle plague, its history and the circumstances attending its manifestation. On the point how the disease is communicated, the Commissioners state that they have not heard of a single case of the disease having been taken by any animal that has not been in contact with Texas cattle or with their excretions. They have had authentic evidence that Texas cattle that have passed over a road dropping their excrements, have communicated the disease to native cattle that passed over the same road forty-eight hours afterwards.

The disease is aggravated by motion and ameliorated by fresh air and repose. Wherever cattle have exhibited the earliest symptoms of the disease, and have been taken from the cars and allowed suitable food and drink, with rest and fresh air, they have invariably recovered speedily; while those which have exhibited the same symptoms, and have gone forward in the cars from sixty to one hundred miles further, have rapidly developed the disease in its most malignant form.

The first symptom of the disease is an appearance of languor and weariness, which is unmistakable; the head drops, the ears hang down, the eyes are staring; the back is arched, strong efforts are made to dung, which are often ineffectual, the droppings being usually dry, scanty, and stained with blood. The urine is generally dark brown in color, and commonly called "black water." The coat is generally rough, the hairs standing almost erect; the horns are hot, the nose dry, a frothy saliva flows from the mouth; flies settle in great numbers, and the animal rarely makes an effort to brush them off.

The meat of diseased animals may easily be recognized. The fat has a deep or high-colored greenish-yellow appearance, and has not the firm resistance of health. The lean meat is of a brownish mahogany color, and on being cut into has a peculiar sickening odor. Sometimes the superficial muscle have the natural pink read tint, but the deep-seated muscles, and especially the intercostal muscles (those between the ribs,) have the dark-brown color and nauseous smell.

The remedy suggested for the cattle disease is carbolic acid, which, it is asserted, is an absolute and perfect disinfectant. All farmers and drovers who have reason to suspect that their cattle have been exposed to the infection are advised to sprinkle the substance known as "heavy oil" abundantly about the yards where they are confined, and to put some carbolic acid into the water they drink, in the proportion of one part pure acid with thrice its own weight of salsoda, to one thousand parts of water.

The Commissioners state that the disease is not necessarily fatal, several severe cases under their immediate observation having recovered under the treatment above recommended.

The Lady's Friend, for October.—A fine Steel Plate, "The River Spirit," a brilliant Fashion-Plate, and a spirited wood-cut of a group of young people amusing themselves with Hallowe'en rites, are the leading embellishments of the October number of this beautiful monthly. In literary merit it is decidedly at the head of magazines of its class. "Fleeing from Fate," by Louisa Chandler Moulton, is a striking story, worth any one's while to read; "Master Casimer," from the German, has the novelty of foreign customs; "Aunt Paget's Pitcher," by August Bell, is a quaint conceit, the genuine by-play of genius; "The Debarry Fortune," by Amanda M. Douglas, grows in interest with every number; and the Poems by Florence Percy and Beatrice Colonna are such as one does not often meet with in a lady's magazine. At the same time, in tasteful patterns of the Fashions, and Work-table cuts and directions, it is especially suited for ladies of refinement and culture. The new music in this number is a ballad—"Fancy Brings Thee O'er the Lea." The Prospectus for the next year contains unequalled inducements to new subscribers, and we advise our readers to send for a specimen number (which is furnished *gratis*), and avail themselves of the Publishers' munificent offers. It is published by Deacon & Peterson, 319 Walnut street, Philadelphia, at $2.50 a year (which also includes a large steel engraving). "The Lady's Friend" and "The Saturday Evening Post," $4.00.

THE public debt has been increased more than FORTY-TWO MILLIONS of dollars in twelve months. Can this be ciphered away in a Radical "campaign document?" asks the *Age*. Will tax-payers believe the false statements of interested partisans, rather than the official announcement of the Secretary of the Treasury? They can verify the latter as they would any fact in relation to their own business, and the constant demands for money in the shape of taxation prove that the government is being run at a most ruinous rate of expenditure. The cost of the War Department alone, in 1868, will be greater than the whole expenses of the nation under Democratic rule. Nor is there any sign of the stream of expenditures becoming less while the Radicals are in power. They rule by force and money. There are thousands of needy adventurers quartered on that party who must be provided for. If the expenses are to be reduced, the Radicals must be driven from power. Business and working-men should act wisely in the pending contest.

A CARPET-BAG SENATOR from Alabama went to draw his allowance of stationary, &c. He affected foolscap, letter, plain and gilt-edged, thick and thin note paper, sealing-wax, got a penknife, red tape, cologne for his wife, until there was a goodly pile. The attendants considered they had done the fair thing for the carpet-bagger and enough; but to their surprise he began pulling off a pair of boots, revealing a corresponding pair of dirty feet, and inquired if he could not have his boots half-soled somewhere in the Congressional menagerie. Such are the ingenious ideas of the "trooly lotl."

THE Radicals say that ex-Gov. Wise, of Virginia, has declared that secession is not dead. He did—he said, "Secession is not yet dead; the people are going to secede from Radicalism." That is true.
